

Parent Volunteer Hour Contract Opt Out Form

As a parent-cooperative school, a lot of our everyday operations depend upon the active involvement of our families. For the 2013-2014 school year, each family is required to fulfill a **minimum of 30 hours** in service to the school. This service comes in the form of parent jobs and can be earned in a variety of ways – from helping plan our Annual Auction to helping teacher with their classroom needs.

However, this year parents have the option of a parent hour “Buy Out.” Families can choose to add a \$500 charge to their account in lieu of completing the required 30 parent hours during the school year.

This buy-out is not intended to dissuade parent involvement at the school. It is simply an alternative to completing the parent hour requirement. Even if one chooses to take advantage of this buy-out opportunity, parents are still asked to support and participate in a few key events and projects such as meetings with teacher and our fundraising efforts. Please stay engaged and involved with your child’s education!

If you would like to opt out of our parent hour requirements, please sign below.

I am opting out of the parent hour requirement for the 2013-2014 school year. Please add a \$500 charge to my October invoice and exempt me from the 30 hour parent volunteer requirement.
